All dimensions in millimetres. Luggage compartment capacity: 500–1650 litres (as per VDA standard).

Values in [] apply to vehicles with six-speed automatic transmission.

¹ Only available with automatic transmission.

² The figure quoted includes a 90 per cent tank filling, 68 kg for the driver and 7 kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment may increase this figure.

³ The overall weight of the trailer may not exceed the maximum permissible trailer load plus the maximum permissible towbar download of 90 kg.

⁴ The petrol engines are designed for RON 98 fuel (523i, 525i and 525i xDrive: RON 95). They may be run on fuel down to RON 91 with a slight decrease in engine power.

⁵ Figures for manual transmission (automatic transmission for the 535d).

⁶ Electronically limited.

⁷ All engines meet the EU4 emissions standard. The 520d is EU5-compatible (will be EU5-compliant once the EU5 standard enters into force, based on EU regulation 715/2007 [EC] dated 20 June 2007). Fuel consumption is determined in accordance with the ECE driving cycle (93/116/EC) made up of approximately one third urban traffic and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Note that fuel consumption is determined for vehicles with standard equipment. Optional equipment (such as wider tyres) can have a significant impact on fuel consumption.

⁸ Takes 225/50 R 17 W tyres in conjunction with xDrive.
